Frederic Library Fund Builds To \$20,343

The Frederic Community Library Advisory Board are working on plans for a new library on East County Rd. 612. The board has been applying for grants to raise money for the construction.

There is currently \$20,343.88 in the Building Fund. Glen's Market green tapes can be turned in at the library in the Frederic Town Hall or they can be sent to P.O. Box 122, Frederic, MI 49733. These go into the Building Fund. Plans for the new library can be seen at the library, said board treasurer Vi Middleton.

City Changes Leaf, Bruck Pick-Up Service

The high cost of leaf and brush pick-up and a lack of disposal area for brush has caused the City of Grayling to modify its service.

Beginning on Monday, April 18, all leaves and grass clippings must be in bags and placed at the curb on Monday morning by 8 a.m. For pick-up with the regular garbage service. Leaves placed at the curb at other times will not be picked up until the following Monday. Bagged leaves should be placed in a separate pile but near the garbage to ease handling and allow timely service by the contractor and City Crew.

Brush will also be picked up on Monday only and must be placed in neat piles at the curb by 8 a.m. Residents should call the City office at 348-2131 for specific problems with disposal of large amounts of brush or other materials not easily handled by the refuse contractor.

Deputies Help Rescue Dog

Two Crawford County Sheriff deputies helped Thomas Hoelzer, of Grayling, rescue his dog after it broke through ice on Lake Margrethe.

Animal Control Officer Skonieczny received a telephone call at 11:43 a.m. Saturday, April 9, that a black dog had fallen through ice. The two-year-old male was unable to get back on the ice or reach shore. Skonieczny, sheriff deputy Golnick, and Hoelzer borrowed a resident's boat and were able to haul the dog out of the water.

Surplus Food To Be Distributed April 19 at Eagles Club

Surplus food will be distributed Tuesday, April 19th, from 10:00 to 3:00 p.m. at the Eagles Club M-72 East.

The surplus food is given away free to people with low incomes. To receive these commodities, a person must present a certification card or verification of income. For more information call 348-3093. Please do not call the Eagles Club.

Free Paperback Books Offered To Children At County Library

The Crawford Co. Library will be celebrating National Library Week from April 18th to the 23rd. All preschoolers and Elementary school children are invited to visit the library and choose a free paperback book from the "celebration box" during this time.

Special Olympics Fundraiser Pits St. Mary's Vs Glen's

A fund raising Basketball game for Special Olympics will feature Glen's Market's vs. St. Mary's Church. The donation is \$1.00 per person with children 6 yrs. and younger admitted free.

The game will be played Tuesday, April 19, at 7:30 p.m. at the Grayling High School Gym. All proceeds go to help the Special Olympians.

Family Growth Is KCC Theme For 8th Annual Campus Day

"Springboard for Family Growth" is the theme of the 8th Annual Campus Day event at Kirtland Community College on Saturday, April 16. Classes will be offered in health, crafts, gardening, travel, photography, writing, and other subjects of popular interest. Dr. Terry Hayrynen of Roscommon will present Women's Health; Basics of Golf will be taught by Mike Glover of Roscommon. Exciting classes including a clown make-up workshop are offered for children age 7-14 whose parents are also registered.

Brochures will be available at local libraries or from Kirtland. Advance registration is suggested to ensure the classes of your choice. Registration is \$5 and includes lunch.

Campus Day is sponsored by the MSU Cooperative Extension and Kirtland Community College; supporting groups are Kirtland Ms., Zonta of Roscommon, American Business Women's Association of Houghton Lake, Michigan Association of Extension Homemakers, West Branch, and Mid Michigan Writers.

Chamber Offers 16 Recommendations To Improve National Guard and Community Relations

The Grayling Area Chamber of Commerce Board of Directors has approved 16 recommendations to improve National Guard and community relations.

Five recommendations propose steps for the Chamber to carry out. The Chamber Board has assigned board members to work on each of these recommendations.

Eleven recommendations propose steps for the National Guard to carry out. This list was presented to Camp Grayling Commander Colonel Richard Schmidt and the Chamber will discuss these recommendations with General Vernon Andrews, head of the Michigan National Guard, at a special board meeting April 23 at the Camp Grayling Officer's Club.

Recommendations for the Chamber:

1) Develop a fact sheet with all appropriate information regarding the Guard including financial impact, numbers of troops in field and free at night, salaries and contracts etc.

2) Conduct a property value impact study immediately.

3) Improve the military receptions. Make them more comfortable for locals; inside, tables, entertainment.

4) Establish a Dial-A-Ride shuttle from

10) Expand and review the list of VIP's invited to the spring informational dinner. Ask them to list questions ahead of time and base the program on the questions.

11) Work toward insuring that each unit will receive at least partial pay while still in Crawford County.

The recommendations were developed over the past two months by the Chamber of Commerce Military Subcommittee. The subcommittee interviewed citizens throughout Crawford County and concluded their

findings by listing these recommendations for both the Chamber and National Guard to implement in order to improve community relationships.

The Chamber Board also wants to inform area citizens that Senator Carl Levin wants to hear from local people regarding their views on the National Guard and the proposed Multi-Purpose Range Complex (MPRC). Write Levin at 2113 Dirksen Building, Washington, D.C. 20510, or letters may be sent to D.J. Taylor, Minuteman Foundation, Camp Grayling, Grayling, 49738 who will forward the letters.

REMAIN IN PUBLIC EYE — Mark Lutz, the DNR Conservation officer who found the three cubs, holds one of the animals who have attracted statewide attention.

Public Will Be Able To See Three Cubs On Drummond Island

The three orphan cubs who captured the attention of hundreds of Grayling children as well as residents across the state will remain in the public eye in their new Drummond Island home.

The bears, found March 24, were sent last Thursday, April 7, to a natural preserve on Drummond Island belonging to Tom Monaghan, owner of the Detroit Tigers and Domino's Pizza chain.

Monaghan is currently in the process of establishing a natural preserve for North American animals on his 1,700 acre wooded corporate retreat in the Upper Peninsula. He offered to adopt the three bear cubs and house them at this new facility.

"We've naturally become very attached to the cubs and concerned about their welfare," said Capt. Rance Hill, DNR Regional Law Enforcement Officer in Roscommon. "We believe the Drummond Island wildlife facility will not only assure our cubs a good home in Michigan, but excellent care too."

There was no interest from public zoos in Michigan to house the animals, according to the DNR.

Steve Gilbert, outdoor and wildlife manager for the Drummond Island Facility, says a temporary structure is being prepared now for the bear cubs. Zoological architects are drawing up plans now for a permanent, expansive site for the cubs as part of the master plan for the wildlife preserve. Gilbert expects the public will be able to see the cubs once the permanent structure is complete later this year.

The wildlife facility has the required State game breeder's license needed to house protected animals, such as the bear.

The three cubs were found abandoned in a phone booth at McMasters Bridge.

The DNR has charged a man in connection with the killing of the mother of the 2½-month-old cubs.

Brendan LaRue, 29, of Bay City, entered

two not guilty pleas in Crawford County District Court April 5 on charges of illegally killing a bear and illegal possession of a bear, or parts of a bear.

LaRue, who said he was rabbit hunting at the time of the shooting, told officers he killed the bear in self-defense, then later went back and removed its head and claws.

LaRue has been released on a personal recognizance bond on each count. He has requested a jury trial, which a court spokesman said would follow a pretrial hearing, expected in late April or early May.

Penalties for conviction of illegal killing or possessing a bear, or parts of a bear, is a misdemeanor and includes fines ranging from \$200 to \$1,000, five to 90 days in jail, \$1,500 in restitution to the state for the animal, and loss of hunting privileges for three years.

A call to the DNR's Report All Poaching (RAP) hotline directed DNR officers to the suspect's home. No claim has been filed for the \$2,500 reward offered by the DNR for information leading to the arrest and conviction of those involved in the bear shooting.

Physician Care for Terminal Patients Can Extend Beyond Medical Attention

Dr. Josefina Magno, M.D., internationally known Hospice physician and Director of Hospice Services at Henry Ford Hospital, was a keynote speaker at the recent County Medical Society meeting held in Grayling.

Physicians and their spouses from Crawford, Roscommon and Ogemaw counties heard Dr. Magno address the role of the physician in the care of dying patients. She noted that the physician has a key role in addressing three major needs of the terminally ill patient.

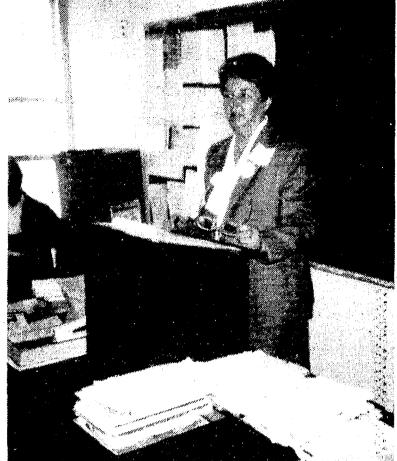

First, the pain must be controlled by giving medication as needed around the clock. When the pain is controlled, the patient and family can participate in activities until death occurs. Second, loneliness of the patient must be addressed. Dr. Magno recommended the use of Hospice volunteers and teaching the family members to become involved in the care. Third, the patient needs ongoing support because of their loss of control. As the patient loses control of feeding, dressing

and moving him/herself, she recommended that patient be encouraged to make even the smallest decision.

Dr. Magno concluded her remarks by noting that it was during her career trying to "cure" cancer patients that she realized the patient who is no longer curable needs to be made comfortable and as free as possible "to live until her or she

Richard Austin, Secretary of State, was the keynote speaker for the day.

CSID Directory Info Needed

At the March general CSID meeting the attending members determined that it was important for area businesses and their employees to be aware of what's going on in town and to be able to refer customers to another business in Grayling. As there has been several new businesses in the area and many management changes, CSIP hopes to compile a directory in time for listing summer hours and product information.

Any business wishing to be listed in the directory should return the information sheet sent to all area businesses by CSIP. Sheets should be returned to Mary Ann Johnson at Half Price Outlet by April

Opinions

Northern Views

By Jon Thompson

A new proposal by State Transportation Director Jim Pitz would eliminate the 79 freeway public rest areas in Michigan and replace them with government-owned service and restaurant plazas.

The state would lease the facilities to private businesses who would operate the restaurants, truck stops, and service stations.

The state transportation director believes this proposal will benefit the state by eliminating \$50,000 in expenses each year to maintain the rest stops.

The proposal may reduce the state transportation's maintenance expenses but it's questionable whether it will benefit northern Michigan.

Northern Michigan already has many private businesses providing restaurant, gasoline, and garage services to I-75 and US-27 motorists. These businesses are already built and a wonderful system called free enterprise has already placed them where demand is highest.

Yes, they are all located a minute or two off the expressway, usually in a community, but that's a good place for them.

Why duplicate these businesses by building plazas along I-75 in northern Michigan?

Many of the current rest areas in the north are attractive and offer scenic views. Placing large plazas along the highway would only detract from the northern scenery, not add to it.

The financial part of the proposal may not be sound either. Eliminate \$50,000 a year in maintenance on facilities already built by constructing plazas for restaurant and gasoline vendors? Actual construction costs often wind up being more than first estimated when someone comes up with a "cost-

Obviously, more concrete information on the plan is needed and the state is going to try a plaza on I-94 by Kalamazoo for a test

The Avalanche will try to keep readers posted on developments with the proposal.

At least 175 people gathered Saturday night at the Knights of Columbus Hall for a send-off reception for Sue Mogel. Sue, who's driven an UPS route in Grayling for the last 8 years, has been promoted to a management position in another part of the state. It was a tribute to her wonderful personality that so many local business people and residents attended.

by Richard Milliman

AFTER A FEW weeks testing the climate and the solitude (?) of Florida, regular readers of this column (my wife, my high school journalism advisor, and an ambitious copy boy) may relish some comments on this year's sojourn to the south.

First of all, by Florida standards, the weather was not very good. Cold (for Florida, that is) and rain (which is uncomfortable and wet, but never once had to be shoveled) predominated. So those who were forced to remain in Michigan all through the winter shouldn't be too disappointed.

WE NOTE that Florida is just eatching up on the lottery craze. You can buy the scrapeoff tickets almost anywhere. And the big climax is a million dollar drawing, like

Michigan used to do when it first got started. You'll remember: Five lucky ticket holders are called together on stage at some festival or natural attraction, and five numbers are pulled out of the hat, with the "losers" winning only \$10,000 or \$25,000 or what have you, and the winner getting the million bucks.

That's old hat in Michigan, of course, and soon will be in Florida, too, probably. A million dollars in Michigan's lotto game these days draws hardly a ripple. Florida certainly will learn.

WE WERE THERE during the Super Tuesday political primary time. The airwaves were flooded with advertising, newspapers were saturated with news and analysis, and the senior-dominated condo settlements were invaded by candidates.

Florida is a fast growing state, larger now than Michigan, George Bush and Mike Dukakis won most of the delegates. But Florida is not typical. For example, among Democrats on Super Tuesday, 47 percent of the voters were above 60 years of age. Nationally, the figure is only 20 percent for senior voters.

One news analysis (Miami Herald) opened an item like this:

"Their lives were sculpted by the Great Depression, and they may be old, but their memories are strong. They were born into poverty and uncertainly. They worked their whole lives and they made a better world for their children, and the only thing they want now from a presidential candidate is what they've always wanted: Security."

That's probably why that senior citizen demogogus, Rep. Claude Pepper, who is pushing 90 years of age, is one of Florida's moist popular (and secure) politiciams.

But this senior power phenomenon is spreading. Florida is just ahead of the national trend. It's apparent in Michigan, too, to a lessor degree. But it grows.

POLITICS IN FLORIDA is changing, too, The governor, Robert Martinez, is a Republican who used to be a Democrat. Party-changing by office holders and candidates is not a rare event in the south these days, and invariably it is from Democrat to Repulican.

Some People Are Trapped

Letters to the Editor_

To A Life on Welfare

Dear Editor,

This is a letter to explain why some people are trapped to a life on welfare. I don't enjoy it, in fact when you previously had a job and made twice the amount that you get on ADC, it's hard.

There is just my son and I and if I get a job (even one that means I make less a month than I receive on assistance) I lose what little I have. I have repeatedly asked for just some help.

I would like a job but how many jobs are full time in this town? How many have health benefits? Not many. So the next time you see someone using food stamps or a medicaid card and you think that person is a sleaze or something, just remember, sometimes it is a person down on their luck.

You ought to try renting a place on \$204 a month with utilities. At some places you need money up front to move

in. I can see why rents are high because a lot of people think it's cute to play stick the landlord so landlords have no choice but to make the rent high to keep trash out. We need a system to place good tenants with understanding landlords. Not everyone trashes a place or is into drugs and parties. Thanks for printing this.

Name Calling Keeps Focus Away From Real Issue

Dear Mr. Editor,

This letter is directed to the retired Military Officer and his wife, the Businessman who feels he can no longer advertise in your paper, and all the other Super Patriots in Grayling.

It is amusing to me how you all evade the issues concerning the military presence in Grayling and the questions that have been raised concerning them.

Why do you find it necessary to make personal attacks and question the patriotism of anyone who dares to raise valid questions about the National Guard?

Why do you insist that they are casting aspersions on our present and former military personnel?

Who appointed you spokespersons for all the past and present military persons both dead or alive, their parents, brothers and sisters, their children, etc.? How dare you presume how they feel.

When were you given the right to decide what is patriotic or unpatriotic for the rest of us?

The only thing I have found insulting by any of the articles I have seen in the

Avalanche are your attitudes... "if you won't play by my rules, I will take my toys and go home," name calling, personal attacks, flag waving, etc.

Why should Mr. Delp have to apologize to anyone? Who gave you the authority to demand an apology for the Avalanche, the community, veterans, me, or anyone else? Such gall!

Who cares what you think about Mr. Delp's background, or what you think he has done or not done. Who cares what kind of people you think the AuSable/ Manistee Action Group and Anglers of AuSable are?

When did you inherit the sole right to know what is right and wrong, along with the perfect insight into what people are or are not?

Despite all your indignation, name calling, and flag waving- the question still remains: Is the National Guard presence a threat to Grayling's environment? No, not just Grayling, but-Crawford, Roscommon, Kalkaska, Otsego, Ogemaw, and Oscoda counties?

Where are your answers to the real questions? It's time for you to stop harassing and

Why Are People Here Being Labeled Communists?

Dear Editor:

Greetings from "Out There On The Range", as Lovells is referred to by the Townspeople of Grayling. We are working on a new song out here to help bouy our spirits when summer comes. It starts off something like this:

"Home home on the range, where Indiana and Ohio Guards play

Where seldom is heard, the song of a bird And the skies are quite

sentiments

venerated institutions. He

speaks his mind in public

rather than grumbling in pri-

vate as so many of us do over

the expanding National

Guard, fearing that Grayling

will become known less as a

natural recreation area than

I appreciate controversy

in The Avalanche. I would

rather see our citizens skir-

mishing on the editorial page

Sincerely,

Grayling

than in the battlefield.

as an armed camp.

crowded all day"

this is far fetched, but all they have to do is drive out some nice summer afternoon and listen. If they wish, they can stay for the nightly Fireworks. We have parachute flares. We have live firing artillery of all calibers up to 8 inch. We have machine guns, carbines, mortars, tanks and all the other goodies in the Army inventory. All Night Long!

We also have an all day Air Show every day except during Deer Season. The jets are quite startling as they sneak upon you at 300 feet high, going about 400 MPH. The helicopters are a lot slower, but about as noisy. The heilos sometimes fly all night too, so there's never a lack of action. Also, don't forget about the Forest Fires. The best time to see the fires is when some Guard officer decides fire danger warnings are only for Civilians, and tells his troops to keep on with the tracers,

When I used to call the Guard to inquire when the war would end for the night, I would sometimes be called a Communist, so I don't call any more. Why is it that in and around Grayling, any-

one who is bothered by the Your readers may think Guard is always labeled as a Communist? I thought that went out with "Tail Gunner?" Joe McCarthy." Is Grayling actually that far behind the times?

I know about War. I don't talk about it very much, but for the benefit of those who have accused me of being a "Commie," I want them to know I did my time in the South Pacific where I saw a Japanese Kamikaze plane go through the flight deck of my aircraft carrier only 40-50 feet in front of my gun position. I was blown off the ship, into the water where a destroyer picked me up and; put me back on my ship. We lost 743 good men that day to

the Japanese. Now, some National Guard officer, whose main job might have been in helping to break up a labor dispute, calls me a Communist? There are more men like me in Lovells, and I think we are getting the sticky end of the stick in our retirement,

Commies? Baloney! So, to you in Grayling, I say, Come out on the range! for the show as often as you

want. I am tired of it. Kenneth Erb ! Lovells

New Juvenile Court Rules Discussed at Shawono Center

Local attorney John G. Hunter spoke with Shawono Center administrators and staff members on March 24 on recent amendments to the Juvenile Court Rules which became effective January 1,

Hunter pointed out the important changes in the new Court Rules and compared the new and old rules with the procedural rules for adults used in Michigan District and Circuit Courts in criminal cases. He stressed the practical applications of the new amendments to Juvenile Court judges, hearing referees, and local Department of Social Service caseworkers.

He also gave a general overview of the Juvenile Court's functions and powers in dealing with offenders. from the initial petition filing stage in which the court duct of their children.

takes appropriate action.

Hunter discussed various alternatives which are available to juvenile judges at the dispositional stage: in-home probation with electronic ankle bracelet monitoring devices which are now in use by the Roscommon County Probate Court, direct court supervision of offenders, outof-home care and placement, commitment to the Michigan DSS as a State Ward, as well as other options.

Hunter emphasized the need for the involvement of juvenile offenders' parents with the court system in order to effectively deal with them. He discussed the need for the Juvenile Court to be responsive to parents' concerns and needs and at the same time to hold offenders' parents accountable for constage to the dispositional tinued and disruptive con-

Throughout the presentation and in answering questions, Hunter discussed the necessity for continuing dialogue and communication between the Juvenile Courts and placement centers such as Shawono.

Hunter is also a member of the Shawono Center Citizens Advisory Action Committee, composed of residents of Crawford County and the surrounding area. At the March meeting of the Committee, he proposed a neighborhood watch type phone call notification system to residents living near the center to aid in the apprehension of truants and to help them feel more secure in the event of truancies. The Citizens Advisory Action Committee is now taking steps to put a program in place.

Shawono is a State of Michigan Training School operated by the Michigan Department of Social Services. It has responsibility for male children committed to the State Department by the Juvenile Division of the Probate Court. The center is located on M-72 West near Howe's Lake in Grayling Township. PROGRESSIVE POWER LENSES

QUESTION: What is the difference between bifocal lenses and the new progres sive power lenses?

ANSWER: Bifocals let you see clearly at two distances - close-up and far away. There's a clear separation between the two corrections in the lens and an abrupt change as you look from one distance to another. The progressive power lens lets you see clear ly at ALL distances, including intermediate and has no bifocal lines, so you get a smooth transition of vision from one distance to

With progressive power lenses, there is a gradual magnification change built right into the lens. You look through the upper portion for distance vision; the central portion for intermediate viewing; and the lower por

tion for close-up viewing. Dr. Mark D. Noss, O.D. 110 Michigan Avenue Grayling, MI 49738 (517) 348-2833

SPORTS FANS! You Didn' Know

> Brought To You By John Scheer

Which was the last college football team to go through an entire regular season and NOT allow ANY points to be scored against them all year?...The last unscored-on team for a whole year was Tennessee in 1939...Here's Tennessee's complete regular-season record that year... They beat North Carolina State 13-0, Sewanee 40-0, Chattanooga 28-0, Alabama 21-0, Mercer, 17-0, LSU 20-0, Citadel 34-0, Vanderbilt 13-0; Kentucky 19-0, and Auburn 7-0.

Surprisingly, only one head football coach in history won more than 100 games as a college coach AND more than 100 games as coach...The only man ever to do that is Don Coryell.. He won 127 games as a college coach at San Diego State and Whittier...Then he won 111 games as a pro coach with St. Louis and San Diego in the NFL.

Try this sports quiz...Nome the 2 National Football League teams that have the same nicknames as 2 big league baseball teams...Anwer is the Giants and Car dinals...In the NFL, there are the New York Giants and St. Louis Cardinals, .In big league baseball, there are the San Francisco Giants and also the St. Louis Cardinals.

I bet you didn't know... It's Springtime! The sun is shining, birds are chirping, flowers blooming. The next thing that comes to mind is a new car! Come see them today! (Not the birds or the flowers, just the new carsli

Imagine this: you arrive with nine men and two women in a primitive country where you will spend the next two weeks building a church for the natives of a town of very primitive peoples. Imagine having to bring with you everything you will eat or drink for your two weeks there because if you eat or drink any of the food or water in this country you'll get very ill. Imagine going back to biblical time...

where the homes are made of straw stuck together with mud and clay and the roofs are made out of some type of palm leaves and the roads are mud and dirt - badly rutted and there is no plumbing or electricity.

Bits of Talk

By Sandy McAnallen

Howard and Adine Fetters just returned Saturday from a three month stay in Holiday, Florida. While there they visited with Ralph and Dorothy Caseman who were also vacationing nearby. Howard and Adine had a wonderful holiday in Holiday but they are delighted to be back home on Shaw Pk. in Grayling. While the Fetters were away Mr. and Mrs. Jim Dierks house-sat for them and liked the area so much they are building a place of their own up the river from the Fetters.

While on the phone with Mrs. Fetter she told me Austin Andrus was visiting the Fetters and had brought along his big brother and sister and their Mom and Dad. Mr. and Mrs. Andrus had just informed Mrs. Fetter that the Andrus family is moving into a home very near the Fetter's and Mr. and Mrs. Fetters are very excited about having such nice new neighbors.

Marion and Tom Welsh returned late Easter Sunday from a tour of many places in Florida. Their wonderful motor home took them to reunite with Tom's sister and brother-in-law, Mr. and Mrs. Doug Stirling. The motor home took them to see friends, Joe Stripe, Mr. and Mrs. Palmetto and in Clearwater they visited Ed Rutkowski. They also went to Epcot Center, Sea World and Cape Canaveral. On their way home the motor home made one last stop to visit in Bridgeport, Michigan (near Saginaw) to spend Easter weekend with their son and daughter-in-law, Tom and Lynn Welsh.

Bill and Gladys Tufts returned from their three month vacation in Panama City Beach just before Easter. They rented a condominium and relaxed and played golf. March 17 they took a trip to Lakeland where Bob and Katy Funck hosted a "Grayling Day" party in their Florida home. The party was attended by some 45 Grayling residents and previous residents including; Mr. and Mrs. Ernest Larson, Fay and Joe Stripe, Floyd and Ray Millikin and too many more to mention.

Jim and Joyce Kolka celebrated Easter and their sonin-law, Jim Hatfield's birthday on Easter Sunday. Jim and Nancy grought their two children, and Jim and Joyce's son, Kurt came. Nephew, Mitch Linendoll; Joyce's father, Harry Hoerl: and a close friend of the family, Matt Bidvia also joined the celebration. Jim Hatfield got snow shoes for a birthday present and went out in the rain to try them out.

The Kolkas had another celebration the weekend after Easter for Joyce's birthday with another list of guests similar to the above. Happy birthday Joyce.

Campaign Dinner, Grace Dopp Wegner for Probate Judge, May 5, 1988, Grayling Red Barn, cocktails 6-7:30. Dinner 7:30-9:30. Prime Rib dinner \$10.00. Paid for by the committee to elect Grace Dopp Wegner for Probate Judge, Rt. 2, Box 2860, Grayling.

Jim and Joyce Bourrie returned Saturday, April 2, from the New Port Rickey area of Florida, where their Florida home is. They have been there since mid-January. While they were there their daughters, Cheryl Millikin and Susan McCurdy visited with their husbands, David Millikin and Bob Mc-Curdy and the children. Aaron and Heather Millikin and Darcy, Cheryl, and Brian McCurdy. Kathy Ashton, another Bourrie daughter flew to Florida from a Chicago business trip to drive home with her parents.

Julia McAnallen spent her school spring break down in Perry, Michigan, with her Grandma and Grandpa at their horse farm where there are seven horses, one two week old colt, a goat named Buffy, a cat named Okie Dokie, and an old farm dog named Scotty.

That's all for this week. If you have any bits of talk...my phone number is 348-7439 evenings.

Right Foods Help Prevent Cancer Risk

Eating well can help you stay well. The food you eat may help you reduce your risk of getting cancer. Research suggests that up to one-third of all deaths from cancer may be related to the foods we eat. The American Cancer Society and the National Cancer Institute suggest that eating more fruits, vegetables and whole grain cereal products including bran cereals will help protect us from cancer. In addition, reducing intake

McDonough Earns U of M Honors

Kim McDonough, of Grayling, was among 3,761 University of Michigan students recognized at the University's annual Honors Convocation March 27. Mc-Donough is enrolled in the College of Literature, Science, and the Arts and received honors for high grades.

of foods high in fat may be beneficial.

Fruits, vegetables and whole grain cereals provide many benefits. They increase the fiber in your diet. It is recommended that Americans should eat between 20 and 30 grams of fiber in their food each day. If you are currently eating a diet which is low in fruits, vegetables and whole grain cereals, you should increase servings of these foods gradually to give your intestine time to adjust. Fiber-rich foods include most fruits (include skin when possible) and vegetables, and bran and whole grain breads and cereals.

Fruits and vegetables also provide vitamin C and carotene, a substance used by the body to make vitamin A. When obtained from food, these vitamins may decrease rick for some cancers. Dark green and deep yellow fruits and vegetables and citrus fruits are good sources of these vitamins.

Research suggests that up to onethird of all deaths from cancer may be related to the foods we eat.

Eat foods such as strawberries, carrots, peaches, apricots, cantaloupe, spinach, oranges, grapefruit, tomatoes and peppers.

Cruciferous vegetables from the cabbage family may also reduce cancer risk. These vegetables include broccoli, brussels sprouts, caggage, cauliflower, collard greens, kale, bok choy, kohlrabi, mustard greens, rutabagas, turnips and turnip greens.

Reducing fat in your diet requires choosing meats, fish and poultry which are lean, and trimming visible fat and poultry skin. Choose cheeses, milk and yogurt

which are made from low-fat milk. Learn to cook desserts which use lower fat ingre-, dients, and choose fruits in place of some desserts. Season foods with herbs, spices and lemon juice to provide flavor when reducing the fat content of recipes. Meats provide necessary protein and vitamins and the minerals iron and zinc, which are important nutrients for good health.

Choosing fruits, vegetables, whole grain cereal products and protein foods low in fat will provide delicious and healthy food choices which may reduce your risk for eancer.

... about your Social Security

RETROACTIVE CHECKS ARE LIMITED

You often read in this column my reminder to contact Social Security about two to three months before you plan to start receiving your retirement benefits. This can help ensure that your first check arrives on

Once in awhile, though, someone contacts Social Security to apply for retirement benefits several months after they could have been eligible to receive benefits, and they are disappointed to learn that no "back payments" are available.

The number of months for which back payments can be made is limited, so people who delay applying for benefits may miss out on some checks. People who apply for reduced benefits before age 65 generally cannot get benefits for any month before the month they apply. Those who apply after age 65 can get back benefits for up to six months before they apply, but not before the month they were age 65.

Disability benefits can be paid for up to 12 months before the month a person applies, if he or she is eligible in all other ways.

People can save time when they do apply for benefits by having the necessary documents ready. This includes the person's Social Security number, a birth or baptismal certificate, and W-2 forms or self-employment tax returns for the past year. Disability applicants should be prepared to furnish names and addressed of their medical sources. Other documents such as military service, marriage, or divorce records, or a death certificate, may be needed depending on the circumstances. Only original or certified

documents are acceptable. You can apply for any type of Social Security benefits by telephone. Or,/if you prefer, you can arrange an appointment to visit the office.

The office is located at 1111 E. Front St., Traverse City, MI 49684. The telephone number is (616) 946-8360. For the fastest service, try to

avoid our busiest times early in the week or month, and during the lunch hour.

A representative is at the County Building in Grayling on the first and third Tuesday of each month, from 10:30 until 2:00. There is no phone service at this loca-

275 Join In GMS Read at Home Project

By Nancy Lemmen

"For the Love of Reading" was the title of Grayling Middle School's plan to participate in the nationwide celebration of Reading

The GMS staff asked the parents of each student to set aside one-half hour for the entire family to read on March 23. Interested families completed pledge sheets that read, in part, "We think reading is great!" Those who fulfilled their pledges received "certificates of love for reading."

Families could choose any type of reading material they preferred, from books to magazines to newspapers.

Following is a list of the families that participated in the March "For the Love of Reading" Pledge Night:

The Mike Heckert Family: Mike, Jean, and Scott.

The Paul Mesack Family: Paul, Judy. Leslee, and Greg.

The Jerry Hayes Family: Jerry and Jean. The Rick Febey Family: Rick, Tim, Barbara, Mandy, and Karen.

The Anthony Kauffman Family: Anthony, Judy, Tracy, Bridget, and Kristy. The Ken Bindschatel Family: Ken,

Karen, Kenny, and Heather. The Doug Mowery Family: Doug, Tosha,

Tracy, and Shirley. The Pete Ingvarsson Family: Pete, Mar-

Iti, and Onna.

The Randy Thompson Family: Randy, Lynn, Max, Angie, and Forest.

The George Stancil Family: George, Marilyn, Jordan, Nick, and Alex.

The Bob Nolan Family: Bob, Helen, Theresa, and Patrick.

The Robert Mead Family: Robert, Patricia, Tim, Peter, Daniel, Caleb, Jeremie, and

The Raymond Wallis Family: Raymond, Barbara, and Mike.

The Tom Rosi Family: Tom, Marilyn, Yolanda, Nat, and Regina.

The Robert Morrow Family: Robert, April, Shelly, and Kelly,

The Burden Family: Julie, Misty, and Case. Christopher.

The Matthew Riedner Family: Matthew, Sandy, Andrew, and Jennie.

School Bands To Play 12 Hours of Music In Marathon April 30

By Nancy Lemmen

The Crawford AuSable School District bands are going west — in theme, that is — in their first ever and hopefully first annual Band Marathon, on Saturday, April 30, from 8:30 a.m. to 8:30 p.m., in the Middle School Cafeteria.

Chairpersons Jane Larson and Brenda Ormsbee report that the jazz and concert bands from the Middle and High Schools will play 12 hours of non-stop music to raise money for student support and band operations. Fifth and sixth grade band students will also get into the act, as runners and helpers and pledge takers.

Band members will circulate pledge sheets ahead of the event, but the money will not be collected until after the marathon. Pledges are collected for the time that the entire band plays. Community members are also invited to direct or request a couple of numbers (from a predetermined play list) for a small donation.

Guests conductors will appear throughout the day. Among the names already on the roster are: Mike Branch, Janet Dice, Peggy Emerick, Cindy Green, Dave and Patty Hawkins, Wendell Hoover and Mike Shearer. Interested adults are encouraged to contact any Band Booster member to add your name to this list.

·The marathon is a massive effort, requiring organization that ranges from alphabetizing music to coordinating meals for perform-

ers. The Boosters say that they would welcome volunteer help in the form of chaperoning (call Larson or Ormsbee) or food donations (call Diane Branch or Karen Mirate).

Ormsbee also hopes that many community members will drop by to listen. She says that audience interest and applause help keep a

-group's momentum going. The band welcomes former musicians who are interested in playing their instruments for a while to stop in, play a few numbers and give some students a needed break.

Ormsbee and Larson are determined to make this first ever Band Marathon a success, but they need the help of the community. So y'all put on your ten-gallon hats and cotton bandannas and come on down to the Middle School Cafeteria. It'll be fun!

Par for the Course

By Fay Bovee

Unless someone else comes up with a golfer that was out on the course before one of the last weekends in March, we believe the honor goes to Bill Worden this year. We believe that Carl Henry Nielson was his partner, is that correct? It must have been a little soggy in a few places but that probably didn't faze them.

Remember the dates of Saturday, April 23, for the Opening Happy Hour, Wednesday, April 20, for the Auxiliary's organizational meeting, Tuesday, April 26, for the Tuesday Men's League, and Wednesday, April 27, for the Wednesday Men's league, please give Irving McIsaac, secretary, a phone call at 348-2966.

We took a shoe box or something like that and we made windows and doors. We made a house that was our house. I (Erika) cut out a mailbox with a cat in it and I (Stephanie) painted it blue and made windows in it. Almost everyone made a house. Some of them had furniture in them and some of them had real carpeting. Some of them didn't have any furniture. Some of them had rooms, like walls. We did it at home. We took them to school and shared them. We put them up on a shelf so everybody could see them. Dictated by Erika Rettell and Stephanie Wichert, Mrs. Larson's first grade.

We're going to talk about the sun dials. We have to wait until it's a real bright sunny day to have the sundial out on the table. And every fifteen minutes we go mark what time it is on a big sheet of paper.

Spring is only seven days away. In the spring we can ride our bikes. In spring we go swimming and it's fun to go swimming with friends. We can have a picnic outdoors on the picnic table and it is fun. We have been talking a little bit about spring in school.

I am part Irish. So are my mom and dad. Today is Irish day known as St. Patrick's Day. So we wore something green.

In special reading in Mrs. Knepp's room she brings six bunnies everyday. She brings them so we can see them, take them out of the cage, and pet them. One's name is Little Blackie because he has a black nose. By Monte Malonen and Mike Alexander, Mrs. McEvers' third grade.

In math we have been doing division with remainders. In remainders we have to take the number you have to divide by and count by 2's or 3's until we get close to the number that we divide. You put the remainder down and mark it with an "R."

Thomas Alva Edison invented electricity. When he went to a convention he made a roach zapper. He showed how it worked. He was riding in the box car and it came unbooked and whenit did he went to walk out. The conductor grabbed him by the ears and he couldn't hear anymore. By Jason Helsel, Miss Johnson's third grade.

We have lots of friends in school. We play. In the room we work. We do math and spelling and reading. I get A's in math, We add and subtract. We read "The Hats' 'yesterday. A girl was inside the house and she played with hats. She put them on her head. Dictated by Sarah Wells, Mrs. Yost's first grade.

I like reading the best. I'm in level 9 in Miss Johnson's room. I like to read stories and books. I do a lot of reading in school and I do a lot of reading at home, too. "Ann and the Baker" is my favorite. It's a story in my reading book.

I like math also. I like doing math problems like subtracting and adding. We play Quizmo with adding and subtracting. We studied about cones and circles.

By Lisa Wheeler, Miss Johnson's third grade.

We've been coloring Easter eggs. They were on paper. We're cutting them out today. I think that we are taking them home for Easter.

We're doing a lot of math. I like math. We do it on paper. We're doing times, like 3 x's 2. We did a lot of spelling. We have a spelling test today. It's easy for me. Dictated by Joey Folden, Mrs. Van-

TODD E. PFAFF

Slyke's second grade.

We're having a play. It's called "Easter Bunny Hutch." Each of the persons in my classroom are having things to carry. We can't invite anyone if they are working. We're having an experiment about chocolate eggs. Each of the kids in my class have to raise their hand.

The End Dictated by Melissa Barnum, Mrs. Num's Blue Kin-

dergarten.

I got all of my work done. I did gray desk. It's a paper that tells you a story and you have to X the circle out if it's right. I did my printing. It's a story. We're making a summer book to take home this summer. It's just a fun thing for our Mom and Dad. We have a new girl in our class. I like math best in my room. It's got two numbers and you have to add them up. Dictated by Mickey Greene, Mrs. Yost's first grade.

I like to do work. I like to do math. We do dot to dot following the numbers 0 to 1 to 2 and then on up to 20. We have Mrs. Nunn look at it to see if it's right. In our math book we X and we circle things in our book. We color in our math book.

We read and draw. We don't read, all we do is work in the book. We underline letters in it. Dictated by Billy Gosling, Mrs. Nunn's Yellow Kindergarten.

Our new letter person is "Miss U." She has upsy daisy umbrella. We talked about things that sink and float. Sometimes the metal part goes down and sometimes the wooden part stays up. Sponges float. Styrofoam balls float. Heavy things sink, glass marbles and metal round things. And we have been doing our A B C's. Dictated by Jordan Hall, Mrs. Spencer's Yellow Kindergarten.

We started by coloring the elf for March. We glued them-together and we put a beard on them. We put them down on the bulletin board in the hallway. We put them on a piece of paper and put our poems on them. The poems are limericks for St. Patrick's Day.

Reading about the main idea is fun. We've been getting timed and we have to figure out what answer it's supposed to be. And also we are supposed to answer the questions. We have been having a Read-In a lot. We have been reading in our books that we have in reading class. By David Fairbotham and Amanda Beck, Miss Johnson's third grade.

We are working in times and we're in borrowing and adding and subtracting. I like it very, very much. I like doing fractions. You make a shape and you divide it and then color in one of the spaces.

I like reading very, very much. I'm in level 7, going on to 8. I'm reading very, very good. Tomorrow we are going to have Read-N-Feed. We get our library books, our new library books. We bring something to eat for school and then after last recess we get to read our books and eat. Dictated by Lara Lee Lepsy, Mrs. Williams' second grade.

We have been having Read-N-Feed Day. That's when you bring a snack and read a book. We have fifteen minutes to do it and we are going to have it again tomorrow. We have to bring something, a T-shirt or something, that has writing on it. We made posters and we hung them up in the halls.

We do book reports and she goes over them. We have a bulletin board that has

cones and scoops of ice cream. It says "Scoop Up a Good Book in March." She puts scoops of ice cream on the cones if you do a book

report. I have 12 of them. We've worked a lot on reading because March is Reading Month. By Amanda Pratt, Mrs. Johnson's second grade and Mrs. Knepp's reading.

We are doing homophones at school. Homophones are words that have two different definitions but they sound the same. We play Tic-Tac-Toe with them. They are up on the wall. The teacher points to them and she says a sentence for them. Then you have to spell the right word. If you get it right you can put an X on a space or an O. Whoever gets a whole row of X's or O's wins. By Ethan Graham and Dale Frischkorn, Mrs. McEvers' third grade.

I am in level 4 in reading. We work in two workbooks. We write and we read. The teacher tells us to trace words. And we have to do papers and we read words about bugs. Dictated by Eric Hoffman, Mrs. Yost's first grade.

School is fun. I like math, it's fun to do. I like multiplication the best. We were doing 8's and 9's but now we are into fractions. You get to times in fractions. We have to know our multiplication in order to do the problems.

Writing is sort of fun. We get to write words and a lot of stories. I like to write stories and poems. We write to people in our Junior Deputy program. We have to thank them for coming in and bringing movies and showing us a little bit about being a policeman. By Martin Kroell, Mrs. Akers' fourth grade.

We play inside recess and outside recess and that's fun. We read books and have to do stuff with them. We write stuff in them. We're making some kind of plant or flower. We're making them out of paper. We're cutting stuff out of it. We've got these coffee things and we dipped them in paint and made beautiful stuff out of them. Dictated by Josh Brannan, Mrs. Nunn's Yellow Kindergarten.

We are very sad because all of our letter people are leaving. They are going back to Letter Land. They will come back when all the new kindergarten children come next year. Our last letter person was Mr. "Q." He stood for 'quiet.'

We have crystals but they used to smell bad because Mrs. Spencer put in strong cleaning oil. And then it started not to smell bad. And they started to turn into pretty crystals. Dictated by Colby Davis, Mrs. Spencer's Yellow Kindergarten.

We started a test on Tuesday, March 22. They were called California Achievement tests. We took a lot of practice tests and threw them in the garbage. The hardest part was math because we had dividing because we are not in it yet. The teacher couldn't help us. It was against the rules. We are not in dividing yet. We are going to learn it at the end of the year. But the last part of the test the teacher talked about it. It was about social studies. By Dana Beckwith and David Allen. Miss Johnson's third grade.

The Bible Speaks From Calvary Baptist Church 🛶

The Gospel of John Part#30

Miracle of Loaves & Fishes How could Jesus Christ feed 5,000 men plus women and children with only 5 loaves and 2 fishes? This most witnesses miracle of Jesus is recorded in all four gospels, and proved that Jesus Christ is God. Only a creator God could perform such a feat.

Christ involved His disciples in the miracle, first to show the financial and physical limitation of available resources. Philip was asked about finances, and admited they did not have nearly enough. (John 6:5-7). Andrew told Jesus of the lad's lunch of 5 loaves and 2 fishes only to confirm the human inability for them to feed such a multitude. (John 6:8,9).

Christ involved His disciples in fulfilling the miracle so they knew firsthand what had transpired. They seated the multitude, (John 6:10), and received the broken loaves and fishes from the hands of Jesus and fed the multitude as much as they wanted until all were filled. (John 6:11, 12a). These five loaves were multiplied into hundreds of pounds of bread which had never been sowed, reaped, ground, or baked. These two fishes were turned into hundreds of pounds of fish which had never swam. All of this was done by a creator God before thousands of witnesses.

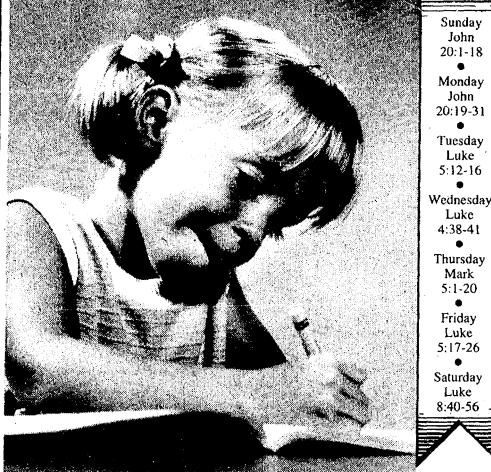

Christ oredered the fragments saved. "When they were filled, he said unto his discipled, Gather up the fragments that remain, that nothing be lost. Therefore gathered together, and filled twelve baskets with the fragments of the five barley loaves. which remained over and above unto them that had eaten." (John 6:12,13). This not only taught thrift, but also blessing to Christ's disciples. They labored to feed the multitude, and were each rewarded with a personal basket of food in the

This multitude had first followed Jesus because of His healing miracles. (John 6:1). Now they accepted Him as the Prophet written of by Moses. "Then those men, when they had seen the miracle that Jesus did, said, This is of a truth that prophet that should come into the world." (John 6:14). They even wanted to make Him their king. "When Jesus therefore preceived that they would come and take him by force, to make him a king, he departed again into a mountain himself alone." (John 6:15). Yet, they rejected Him as the lamb of God, even at this passover season. (John 6:4). They did not accept Jesus Christ as their God and savior. They just wanted to use Him to meet their needs. Many followers of Christ have not changed. (Hear "The Bible Speaks" at 12:15 p.m. Tuesday on WQON 100 FM).

Scripture Reference Luke 24:35-48

Luke's account of the appearance of Jesus stresses the fact that the disciples recognized in Jesus a living person Who, they thought, had disappeared forever in death. They thought of Jesus as a buried man. And here now He shows Himself alive to them and He lets them know: 'It is really I.' Because the event is too big for them to accept what their eyes see, Jesus gives proof of His identity. He allows them to touch His hands. He shows them the wounds in His hands and feet, and He eats in their presence.

This reading shows that the Apostles experienced the Resurrection as an event in which Jesus was involved, and not just as a religious ex perience. Of course, the Resurrection is more than just a historical event and is beyond the control of human being. But, at the same time, it is presented as a fact which brings about solid

belief in a group of people. The disciples regarded it as an event that was as real as the events of the Passion. Although it goes beyond human limits, the Resurrection appears as a fact verified by the words of the Apostles. We can recall the words from Acts, 'In the time after His suffering He showed them in many convincing ways that He was alive, appearing to them.'

'They were still incredulous for sheer joy and We should be wonder.'

the disciples, was not easy. Our own modern mentality would find it nearly impossible to accept the idea that someone rose from the dead.

Here we are in the middle of a test of faith, for it is on faith in Christ's Resurrection that Christian life is built. With the Apostles, Let's believe that the same Jesus Who was crucified is now living. His way of life has changed, but it is truly He Who, has sealed His redemptive work by the

The perfect balance of body and spirit is seen in the Risen Christ. There is no sin' in Him. Faith in the Risen Christ becomes an extraordinary event for our success in body and spirit. It is a spiritual force which: eliminates sin and leads the true person who follows Christ, to the goal of being with Christ for all eternity.

BUDDY'S WORKSHOP Getting More Heat From Radiators

I know it's too late for this year, but could you please tell me how to get more heat from our radiators? We just about froze to death this past winter, and although there was some warmth coming from them, it seemed like it was never

At least once a year, your radiators should be bled, or air released from them. The bleeder valves can be opened with a screwdriver, or, in other types, with a key that you can get at most hardware stores. Hold a small pan under the valve as you open it; air will immediately be released from the radiator. As soon as water starts escaping, close the valve

Keep your radiators as clean as possible, because dust and dirt absorb heat. If they are covered by ornamental boxes, make sure there are openings on the bottom to let cold air in and on top so warm dir can be released. And, even though radiators look nice painted silver, consider painting them a dull black because it helps dissipate heat instead of absorbing it. Finally, if your radiators only have one pipe reeding them, check to see if they are tilting away from the became common. Before inlet pipe. If they're not, shim the radiator up so it tilts slightly toward the pipe. This will also help get rid of that annoying hammering sound.

We would like to install a window air conditioner in our dining room, but the window opens sideways (like a sliding glass door) instead of vertically. How can the unit be

You'll probably have to purchase a window unit designed specifically for that type of window. These air conditioners are narrower and taller than normal ones, and most come with hardware designed for easy installation.

Baseball season is upon us and some couch potatoes will be unavailable on weekend afternoons for several months. Of course, by then there will be football, hockey, and basketball. So let's give them a little farewell party. Along with their favorite beverages, set out some beer nuts.

Bring water and sugar to a boil; add peanuts and simmer until sugar starts to crystalize, then stir constantly until all liquid is evaporated. Spread on cookie sheet and bake about 30 minutes at 300°, stirring several times.

Now add some cocktail crackers:

Cocktall Crackers 1 cup oil

1 pkg. buttermilk ranch style salad dressing

1 tsp dill weed 1 tsp garlic powder

1 tsp lemon pepper ½ tsp celery salt

116 oz. package oyster crackers

Heat oil in 9x13 pan then add seasonings, mixing well. Add crackers and stir until crackers are well coated. Bake 30 minutes at 250°, stirring several times. Turn up the oven temperature to 400°.

Spread flour tortillas with butter, sprinkle with parmesan cheese and bake 7 to 10 minutes until crisp and golden. Cool and break into serving pieces.

A spread made with Brie cheese is always pleasing. Remove the top rind, leaving rind on sides and bottom, scoop out the soft

Another do-ahead snack is the ham rollup. Soften a package of cream cheese and add horseradish to taste and a sprinkle of garlic and onion powders. Spread on slices of boiled ham. Place a small wedge of dill pickle, a green onion, or a couple dilled green beans on one edge and roll up. Chill for several hours so the cheese will stiffen. Cut into slices.

Some men work for worldly acclaim Some men work for pleasure; Others toil in unclaimed soil

for wealth too vast to measure. No matter where you seek you'll find, Whatever be the season, This breed of men who labor on and question not the reason.

Take the things of rawest form, products of the earth, and see how man with his own hand can give them life and birth.

What is greater than the thrill so awe-inspiring grand, than to watch man build a mighty ship high up on burning sand?

No matter if it be of wood or of the finest steel; It's man alone with brawn and bone that fits and lays the keel.

In majestic flight the airplane or steam ship on the ocean, It's gear and wheel and moving steel, A symphony of motion.

It's progress put to music that fills the soul within. And fuels the fire of creative desire in this special breed of men.

Some men search the universe for silver, gold, or oil, But the only man that pursues God's plan is the man who tills the soil.

He may possess vast acres to till and furrow and sow or just a back yard garden plot and a shovel, rake and hoe.

He takes the sod almighty God was good enough to give, and nurtures it with loving care, and makes all green things live. Allen C. Carr Grayling

Morels

When at long last the winter's snow Has disappeared from the ground, We wait and watch conditions Till, it's time for mushrooms to be found.

What we hope for is warm wet nights Just when things start to grow, With just the right conditions, Soon the mushrooms will show.

We watch the woods with hopeful eyes. Will this be a good year, For the growth of the mushrooms That so many love so dear.

It seems to happen overnight-Woods that were barren yesterday, Today may be stocked with plenty That's just the mushroom's way.

If we have the right conditions And the mushrooms are there, Seems everyone is going To try to get their share

A plateful fried in butter Is a dish fit for a king. Their flavor is something special. It just makes your tastebuds sing.

The rich man in his mansion Can dine on cavier, If he knew the taste of our Morels, He'd throw away the jar.

It helps us pass the winter Just to dream of days ahead, Because if we are lucky With Morel mushrooms we'll be fed.

So watch the woods in springtime-Pray for those warm moist nights, When the Morels pop up everywhere They are one of Man's delights.

My fingers could still feel the set in those two saw blades and even the remnants of sharpness my father had insisted upon. It wasn't until I learned to file and set my own saw that I came to appreciate the ease of cutting that proper preparation allowed. One of the saws hanging on that nail in the garage was what we called a Swede Saw. The Swede Saw was introduced by the Finns back in the 1920's for cutting down poplar, spruce and balsam for pulpwood. The first of these saw

blades were made by hand from phonograph springs. The teeth were filed a few at a time in the evening before lights out. They would make the teeth small, which cut well when the wood was frozen. It wasn't until the 1930's that factory made steel frame pulp saws

148-SAGEWAYS

that the frame was made of wood and tension was applied to the blade by twisting a rope around the top of the frame.

In the pulp camps of the 1920's, 30's and 40's most of the work was piece work where the men were paid by the cord. Two cords a day was the standard and if you couldn't cut two cords a day you weren't allowed to stay in camp. Engineers may have written books on how to cut trees, but I can tell you

the technique is learned only by experience, much experience. By the way two cords amounted to an average 40 trees, eight inches or so on the stump.

Since you wanted all the wood you could get, it was necessary to cut low, sometimes only four to six inches above the ground. In snow, those falling cuts became miserable before the day was over, and then you had to pile what you cut so the haulers could get at it.

GPA Develops Theme For Milltown Parade

The regularly scheduled meeting of GPA was held April 5 at the Chief Shoppenagon's. President Julie Burden presided over the hour meeting at which time Mary Ann Johnson reported on a successful Parade and Egg Hunt on Saturday, April 2. A suggestion was made to have it the week before Easter next year so that the Grayling bands could participate.

The Milltown Parade committee reported on their progress for this summer. The theme of the parade this

year is Heritage.

There was limited discussion on the float and Gloria Kraus said that the cookbook has been proofread and is at the printers. Also on the agenda was discussion about the dress for the Las Vegas Night sponsored by the Chamber of Commerce on Friday, May 6. The women will again assist the Chamber as hostesses.

The group thanked Rosie Duley for making the March birthday month an interesting one and thanked Fay Bovee for having the

meeting at her home the previous week.

On March 29, at which time the group met for a potluck salad luncheon at the Ingham Street home of Fay, D.J. Taylor conducted the meeting in the absence of Julie. The Easter Egg Hunt

was finalized and it was reported that the women had given \$100 to the depot as their share of helping to defray winter utility bills. Also a special thanks was given to Chief Shoppenagons's for their birth-
